DYNAMIS Meeting
5th September 2006

Angel Perez-Sainz
Energy Production and Distribution
DG Research
European Commission

EUROPEAN
COMMISSION

Community Research

Objectives of This Meeting

Large Scale “Positioning” Demonstration Projects

- **What are the main barriers?**
- **What are the chances of success?**
- **What public sector incentives need to be in place for them to happen? And when?**
 - ➔ **regulations, fiscal, R&D financing**
 - ➔ **National, EU ?**

EUROPEAN
COMMISSION

Community Research

Objectives of This Meeting

Large Scale “Positioning” Demonstration Projects

- **How do we integrate them at a European level**
 - **Through ZEP?**
 - **How do they fit into the SRA/SDD?**
 - **Complementarity of these projects within the context of ZEP**
 - **What innovative/new technologies will be demonstrated in these projects**
 - **Do we need smaller demos in advance?**
 - **FP7 – article 169, JTI...how to shape financing in 7 years of FP7?**
 - **National Programmes**
 - **What is the role of DYNAMIS?**

EUROPEAN
COMMISSION

Community Research

Objectives of This Meeting

Large Scale “Positioning” Demonstration Projects

- **International Dimension**
 - ➔ **What is the scope/opportunity for international cooperation**
 - ➔ **Facilitating Financing?**
 - ➔ **Reinforce or weaken Competitiveness in global markets?**
 - ➔ **Achieving complementarity and critical mass**
 - ➔ **Are there preferred international partners?**
